Club News

Lancaster Road-Our club is busy making preparations for the 100th anniversary celebration coming up on September 9, 2025. We had a meeting on August 6th with fourteen members present. The new county horticulture agent, Kaitlin Farlee, came to introduce herself. After regular business discussion, we had lots to talk about with the celebration, volunteers needed for serving at the Farm Bureau Dinner, sewing and craft events on the schedule as well as homemaker week in October. Several ladies met to sew aprons on Monday, August 19th and Nancy Lindsay taught how to make a tote bag on the regular third Tuesday workday. Everyone is encouraged to sign up for the upcoming AARP Driver Safety Class on September 15th. Nancy Lindsay, the instructor along with her husband, guarantees you'll learn something and that they'll keep the class fun! Nancy is the State Coordinator for the Driver Safety Program in Kentucky, a volunteer position. The driver safety class is \$20.00 for AARP members and \$25.00 for non-members. Our next Lancaster Road club meeting will be September 3rd in the Project Room at 10:30. Hope to see you there!

Wilderness Trail-Summer is winding down and soon the leaves will be turning and hopefully a nice cold breeze will be settling in. Fall is my favorite time of year for sure. I love the smell of cinnamon and campfires, roasting marshmallows...yum! We will be gathering our fall crops of apples (making apple butter) and pumpkins and cleaning out the garden and starting a plan for the next year's rotation. Not so fun but necessary! I look forward to the festivals like Constitution Square, which is September 13 and Perryville Days which is October 3 & 4th, and of course, Forkland Festival, October 10th and 11th. Hope to see you there.

I look forward to starting club back each month. We have planned lots of things for the physical year thanks to Clara for hosting the officers for a pre-planning get paperwork done afternoon. Oh, and the snacks were awesome and so thoughtful thank you! Thanks to all for pre-signing up for leader lessons, host, helpful hints, and demonstration. This will make our September meeting much easier. Make sure you see Mary Elizabeth for your yearly dues and thanks to Rose, Rita Wright and Ramona for picnic committee planning. Also be mindful about upcoming committees what will be needed and if you can help for instance; Homemaker week, tasting party, homemaker of the year, charity guidelines, Farm Bureau fundraiser and Christmas party just to name a few, lol. I would also like for you to be thinking of ways to promote our club, for instance invite a friend to a meeting, tell someone about the classes that are being offered at the Extension office. You never know until you ask! ***Remember your youngest picture of you is also the oldest picture of you-unknown.***

THIS MONTH'S TOPIC

LEARN HOW TO HELP: QPR SUICIDE PREVENTION TRAINING

Suicide is a serious public health issue in Kentucky, especially among young people. It's the second leading cause of death for people ages 10 to 34 in our state. The good news is that we can all be part of the solution. The University of Kentucky is working to make sure that every Kentuckian knows how to help someone in a crisis. They're asking a powerful question: If someone you loved were struggling, would you know what to do?

Many people don't. That's where QPR comes in. **QPR stands for Question, Persuade, and Refer.** These are three simple steps that anyone can learn to help

someone who might be thinking about suicide. It's similar to CPR, which is used in heart emergencies. Just like CPR can save lives, QPR can help save someone going through a mental health crisis.

The QPR training is quick and easy. It's free, it's online, and it only takes about 30 minutes to complete. During the training, you'll learn how to see warning signs of suicide, how to start talking with someone who might be struggling, and how to connect them to life-saving help.

The University of Kentucky and the Healthy Kentucky Initiative are encouraging everyone to take the training, especially during September, which is Suicide Prevention Month. The more people who learn QPR, the stronger the safety net becomes for those at risk.

Whether it's a friend, family member, or someone in your community, you have the power to make a difference. QPR gives you the tools to help when it matters most. You can take the free QPR training now at kyqpr.ukhc.org.

Also important to know, **Kentuckians in crisis can now connect with suicide prevention, mental health, and substance use counselors using a nationwide, easier-to-dial phone number — 988.** This service is available 24 hours a day, 7 days a week, 365 days a year, at no charge. Callers to 988 connect with a compassionate, highly trained counselor who can help address their issues as smoothly as possible. You can also call anonymously on behalf of someone else or to obtain information about options for helping someone in need.

If you or someone you know is in crisis, please reach out for help.

THIS MONTH'S TOPIC FALL PREVENTION

Sept. 22-26 is Fall Prevention Awareness Week. This nationwide week reminds us that falls among older adults is a public health crisis. According to the Centers for Disease Control and Prevention, 1 in 4 older adults age 65 and older fall each year. Falls are the leading cause of serious injury. They include fractures and head trauma, as well as emergency room visits and even injury-related death. Falls impact independence and quality of life. They give rise to a fear of falling and can reduce active living as a result. Falls are also associated with significant financial burden and rises in health care costs.

It is important to talk about falls because they are preventable. Many groups, like the CDC have initiatives and evidence-based falls prevention programs to help address

fall risk and promote prevention. For example, STEADI (Stopping Elderly Accidents, Deaths and Injuries) is a national initiative aimed at preventing falls among community-dwelling adults 65 years and older, <https://www.cdc.gov/steady>. Bingocize® is a 10-week workshop that combines the game of Bingo, exercise, and health education, including fall prevention. It can be played in-person or remotely. A Matter of Balance is an eight-week program that aims to reduce fear of falling and increase activity levels. CAPABLE (Community Aging in Place — Advancing Better Living for Elders) is a five-month program that uses occupational therapists, nurses, and handymen who provide home modifications. To explore a full list of evidence-based programs proven to help older adults reduce the risk of falling, go to the National Council on Aging at <https://www.ncoa.org/article/evidence-based-falls-prevention-programs>. You can also call your local County Extension Office to see what they are doing to prevent falls in your community.

Key strategies to help prevent falls, according to the Mayo Clinic and NIH include:

- Regular physical activity
- Balance and strength training
- Fall-proofing your home (decluttering, better lighting, properly installed grab bars and handrails, non-skid slip mats and rugs, keeping essential items in easy-to-reach places)

- Medication management (review medications, understand side effects)
- Regular vision and hearing tests
- Wear sensible, properly fitting, sturdy, flat shoes with non-skid soles
- Stand up slowly
- Stay hydrated
- Eat a well-balanced diet and nutritious foods
- Limit alcohol consumption
- Stay active and engaged
- See a health-care provider regularly
